GAMMA SERIES | FLAGSHIP CLASS

GAMMA 13

Our Flagship. Built for Premium Retail at Scale.

Our largest single-cabinet kiosk. Seven adjustable shelves, 140 selections and roughly 800 to 1,200 units on board, dispensed by adjustable pusher lanes and lowered to the customer by the gantry system, built for boxed electronics, glass bottles and snack packs. A 21.5" touchscreen, cashless payments, internal and external cameras and dual locking come standard, inside a 72" cabinet that sells on its own, 24 hours a day. Integrated refrigeration comes standard. The illuminated topper and an ADA package are ordered as options.

7	72"	140	1,200
ADJUSTABLE SHELVES	OVERALL WIDTH	PRODUCT SELECTIONS	MAX. UNITS ON BOARD

Heavy-duty cam lock on the service door

ELECTRONIC LOCK
Independent coded lock as a second layer

SECURE GLASS BAY
Product on show, product protected

Will It Dispense Your Product?

Pusher lanes and the gantry system work together inside the Gamma 13. **Every motor is adjustable**: lane width and shelf height are reconfigured on site whenever your assortment changes.

MODULAR LANE WIDTHS

Lane width and shelf height are set to your pack and reconfigured on site. Modular lanes widen for bulky boxes, so one cabinet runs a 9 oz bag next to a boxed set of earbuds.

ADJUSTABLE PUSHER LANES

A motorized pusher keeps every facing at the glass and advances the next unit on demand, then releases it onto the gantry tray. Controlled, repeatable and dense, for packs, cartons, boxes and bottles alike.

GANTRY SYSTEM

The tray rises to the selected shelf, collects the item and lowers it to the pickup bin. Zero-drop delivery.

CAPACITY & HARDWARE

Shelves	**7 adjustable**
Lanes per shelf	**20**
Product selections	**140**
Max. units on board	**800 to 1,200 units**
