SIGMA SERIES | FROZEN CLASS

SIGMA FROZEN

Frozen Products. Premium Convenience. Around the Clock.

The only kiosk in the range with freezing down to **-25 °C (-13 °F)**, built for frozen products: ready meals, proteins, frozen fruit, ice, ice cream and desserts alike. Seven adjustable shelves carry 54 selections and roughly 400 to 700 units, up to eight facings per shelf, driven by Dual Motor Lanes, pusher and coil mixed shelf by shelf. A vertical zero-drop elevator platform carries every item to the delivery zone beside the glass, directly under the touchscreen. A 21.5" touchscreen, cashless payments, internal and external cameras, built-in speakers, an anti-ant isolation system and dual locking all come standard. The illuminated topper, a cash module and an ADA package are ordered as options.

-25 °C	56"	54	700
FREEZING CAPABILITY	OVERALL WIDTH	PRODUCT SELECTIONS	MAX. UNITS ON BOARD

BUILT IN, AS STANDARD

FREEZING DOWN TO -25 °C
Built-in freezing for frozen product storage

- Frozen stock loaded straight from your cold chain

SECURITY, FOOD SAFETY & ACCESS

KEYED SERVICE LOCK
Heavy-duty cam lock on the service door

ELECTRONIC LOCK
Independent coded lock as a second layer

SEALED FOOD BAY
Insulated, with anti-ant isolation

Will It Dispense Your Product?

Frozen product has to stay cold and be handled with care. The Sigma is built for both. **Pusher and coil lanes mix on the same shelf**, so a boxed tub and a bagged bar each get the motor that suits them, and the zero-drop elevator carries the item to the delivery zone beside the glass.

ADJUSTABLE PUSHER LANES

A motorized pusher advances the next unit on demand and sets it on the platform. For tubs, trays, cartons and boxed frozen goods with a flat, stable base.

MOTORIZED COIL DISPENSING

A coil turns one full revolution and releases exactly one unit. Highest density, best for cones, bars, sachets, pouches and light packs.

ZERO-DROP ELEVATOR

The platform rises to the selected shelf, receives the item and carries it to the delivery zone in the service column, right under the screen. Zero-drop delivery to the customer.

CAPACITY & HARDWARE

Shelves	**7 adjustable**
Facings per shelf	**Up to 8**
Max. units on board	**400 to 700 units**
Product selections	**54**
Lane types	**Pusher + coil, mixed per shelf**
