GAMMA SERIES | MAIN + EXTENSION

GAMMA DOUBLE

Two Cabinets. One Seamless Shopping Experience.

A main cabinet and an extension cabinet run as a single store: one 21.5" touchscreen, one cart, one pickup door, 113" of glass. Fourteen adjustable shelves carry 240 selections and roughly 1,200 to 3,000 units, dispensed by adjustable pusher lanes and lowered by a single gantry that travels the full width, built for boxed electronics, glass bottles and snack packs. Cashless payments, internal and external cameras, an anti-pinch automatic door, Real-Time Management and dual locking come standard. Integrated refrigeration comes standard. The illuminated topper, a cash module and an ADA package are ordered as options.

113"	14	240	3,000
OVERALL WIDTH	ADJUSTABLE SHELVES	PRODUCT SELECTIONS	MAX. UNITS ON BOARD

BUILT IN, AS STANDARD

KEYED SERVICE LOCK
Heavy-duty cam lock on every service door

ELECTRONIC LOCK
Independent coded lock as a second layer

SECURE GLASS BAYS
Product on show, product protected

Will It Dispense Your Product?

Pusher lanes and the gantry system work together inside the Gamma Double. **Every motor is adjustable**: lane width and shelf height are reconfigured on site whenever your assortment changes. Two cabinets let you run two worlds at once, one category on each side, still sold as one transaction.

MODULAR LANE WIDTHS

Lane width and shelf height are set to your pack and reconfigured on site. Modular lanes widen for bulky boxes, so one cabinet runs a 9 oz bag next to a boxed set of earbuds.

ADJUSTABLE PUSHER LANES

A motorized pusher keeps every facing at the glass and advances the next unit on demand, then releases it onto the gantry tray. Controlled, repeatable and dense, for packs, cartons, boxes and bottles alike.

GANTRY SYSTEM

One carriage travels the full 113" of the kiosk, rises to the selected shelf in either cabinet, collects the item and lowers it to the pickup door. Zero-drop delivery.

CAPACITY & HARDWARE

Cabinets	**Main + extension**
Shelves	**14 adjustable, 7 per cabinet**
Product selections	**240**
Max. units on board	**1,200 to 3,000 units**
